

FIRAS BAKLOUTI

Software Engineering Student — Engineering Cycle

firasbaklouti39@gmail.com | Bizerte, Tunisia | GitHub: github.com/Firasbaklouti1

LinkedIn: firas-baklouti-68baa72b0 | Portfolio: firasbaklouti1.github.io

PROFILE

First-year software engineering student at the Faculty of Sciences of Bizerte (University of Tunis Carthage), passionate about backend development, modern web architectures, and artificial intelligence. Seeking an internship in software development to tackle technical challenges and gain hands-on professional experience.

EDUCATION

Engineering Cycle — Software Engineering | 2025 – 2026

Faculty of Sciences of Bizerte — University of Tunis Carthage

- Topics covered: software architecture, distributed systems, databases, web development, artificial intelligence.

Integrated Preparatory Cycle (Math-Physics-CS) | 2023 – 2025

Faculty of Sciences of Bizerte — University of Tunis Carthage

TECHNICAL SKILLS

Backend: Java, Spring Boot, Spring Security, REST API, Python, Go

Databases: MySQL, PostgreSQL, MongoDB

Frontend: HTML5, CSS3, Tailwind CSS

AI / Data Science: Python, Machine Learning, NLP, Pandas, NumPy, Scikit-learn

DevOps & Tools: Git, GitHub, Postman, IntelliJ IDEA, VS Code

Other: JavaFX, PHP, Firebase

PERSONAL PROJECTS

Urbanova — Full-Stack E-commerce Platform

- Developed a full-stack e-commerce platform with product management, order processing, and authentication.
- Built secure REST APIs.
- Designed a modern user interface.

Technologies: Spring Boot, React, MySQL, REST API

Sarcasm Detection — NLP Project

- Machine Learning project to automatically detect sarcasm in text.
- Text preprocessing and feature extraction.
- Comparative evaluation of model performance.

Technologies: Python, NLP, Scikit-learn

Driving School Management System

- Desktop management application for a driving school.
- Candidate management, payments, sessions, and scheduling.
- Administrative dashboard.

Technologies: Java, JavaFX, MySQL

Car Rental Platform

- Web application for vehicle reservation and fleet management.
- User authentication, online reservation, and administration interface.

Technologies: PHP, MySQL

LANGUAGES

Arabic: Native language

French: Intermediate-Advanced

English: Intermediate-Advanced

CERTIFICATIONS

- Statistical Thinking in Python – Part 1 (DataCamp)
- Statistical Thinking in Python – Part 2 (DataCamp)
- Case Studies in Statistical Thinking (DataCamp)
